Governor's Budget Recommendations

One-Time:

- **\$5.1 million** to extend caregiver compensation through June 2023
- **\$38.6 million** for a comprehensive therapy building at USDC

Governor's Budget Recommendations

Ongoing:

\$6.7 million - meet the increasing needs of people currently receiving services and for youth transitioning from the Divisions of Child and Family Services and Juvenile Justice Services.

\$1.8 million - bring approximately 328 people on the waiting list into services. This would be split across our traditional, most critical needs and the LSW.

\$8.3 million - make permanent the 5% supplemental payments to Home and Community Based Services (HCBS) Providers (currently funded through the American Rescue Plan Act). Please note that this is for all HCBS providers, not just DSPD providers.

\$1.6 million - increase DSPD provider rates by an additional 1.5%.

\$3.2 million - targeted wage increases to front line staff at the State Hospital and Developmental Center.

- Extended for **people in DSPD services** through **06/30/22**
 - ARPA funding request was denied, but collaboratively we were able to extend the program by working with leadership/governor's office.
